Dear Photographer,

We are pleased that you have chosen California State Parks (henceforth Parks) as a location (Park) for your photographic activities. The Department of Parks and Recreation strives to work cooperatively with businesses; which includes allowing responsible use of the State Park System units by commercial, still, and motion picture photographers. California State Parks require an approved film permit for all commercial still photography, professional photographers offering services, student photo/film or professional development projects on State Park property (*Title 14, California Code of Regulations 4316 and 4331).

Starting January 1, 2019, all commercial photographers, photo/film students, professional photographers offering services or professional development projects, must have an approved film permit for photographic activities at Empire Mine State Historic Park, South Yuba River State Park, or Malakoff Diggins State Historic Park.

Parks charge reimbursement fees in order to accommodate photography and filming, recover all direct and associated costs, and to offset personnel costs. These fees are collected and returned to State Parks by the California Film Commission. Special circumstances in individual Park units will require some additional restrictions aimed at the protection of resources and sites unique to those units.

The California Film Commission (henceforward CFC) website, www.film.ca.gov has a State Park permit tab that contains information about filming and photography, including insurance coverage, FAQ’s, basic Parks fees and the on-line film permit system.

Please contact the Special Event Coordinator, Ranger Michele Green at 530-272-0124 or Michele.Green@parks.ca.gov or Park Aide Terry Gollub 530-273-8522 or Terry.Gollub@parks.ca.gov to discuss details of your photo shoot and answer questions. You will be referred to the CFC (www.film.ca.gov) to complete your permit, pay fees and supply insurance.

Thank you for your cooperation and we look forward to working with you,

Empire Mine State Park

Terms and Conditions cont.

7. **Respecting Visitor Enjoyment:**

   No area is specifically reserved for your activities. Park is open to public.

   There must be no interference with other Park visitor’s use and enjoyment of the Park. Photographic activities in the State Park System shall not result in substantial or permanent alteration of landscape, damage or danger to wildlife, plant life, cultural resources or other resources, or unduly restrict use or access by the public.

8. **Cars:**

   Vehicle license plate numbers and a copy of DMV registration will also be collected as part of the permit.

9. **Prop Restrictions:**

   Only small, hand held props are allowed such as picture frames, toy wagons, tripod, reflectors, camera, etc. Hand held being defined as something that one average person can pick up and carry. Professional props and/or sets, actors, professional models, clothing changes, or specialized or large motorized equipment are not allowed except with a complex shoot permit from the CFC. See complex shoot details attached.

10. **Business Transactions:**

    The permitted photographer shall not transact business on property managed or owned by the California department of Parks and Recreation (State Parks). Transacting business shall include, but not limited to: receiving or changing money or compensation by barter, cash, credit card, check or other financial instrument, entering into any contracts or rental agreements, or soliciting any signatures, waivers, or hold harmless agreements from business customers.

11. **Advertising:**

    The permitted photographer shall display no signs, banners, or other advertisement for the purpose of soliciting business on property owned or managed by State Parks. Logos and signs painted on or attached to vehicle bodies are permissible, provided that they are permanently affixed to said vehicle and when in place do not prevent legal operation of said vehicle in compliance with applicable laws, rules, regulations and codes. The Permittee shall not distribute any brochures, flyers, or other promotional literature on property owned and managed by State Parks.

12. **Representation:** The Permittee shall make no representation to the public that said Permittee is authorized to transact business on State property by virtue of this Permit. This Permit authorizes use on property owned and managed by State Parks for commercial still photography purposes only and does not convey any rights or privileges to engage in business transactions on said property.
Terms and Conditions cont.

13. **Exclusivity:**

The Permittee shall have no exclusive rights or privileges to use State Parks owned or managed property, including any parking spaces, staging areas, trail areas, picnic areas, water areas, areas around Cottage, Garden, or Clubhouse or other areas in historic zone. Furthermore, the Permittee shall have no exclusive rights or privileges to conduct given commercial still photography activities on State Parks owned or managed areas by virtue of this Permit.

14. **Termination:**

This Permit shall terminate at the end of the permit period for which it is issued, or at any time on written notice from State Parks to the Permittee in the event the Permittee violates any of the provisions hereof. In the event of termination for violation of the Permit, the Permittee shall forfeit any permit fees, and may be denied issuance of future Permits are at the discretion of State Parks. Granting and/or termination of the Permit by State Parks is a proprietary decision of State Parks in its management of public lands and real property interests.
Definition of Commercial Filming Projects

Photography within State Parks subject to permitting requirements fits into five of seven categories, five of which are defined as commercial. Permits for these five categories are issued by the CFC following submission of DPR 245A and approval by the Park district where filming is to take place.

Five Categories Requiring Permits are:

1. **Documentary Photography:**
   Whether still, motion picture or video, documentary filming may be permitted through the use of the same forms and procedures used for commercial photography. Permit requirements for documentary photography may be waived at the discretion of the District Superintendent or his/her designated representative. An example of a situation justifying waiver is a film project done in conjunction with the Department or in which the Department realizes a direct marketing or other benefit. Insurance requirements must be met even when permit requirements are waived.

2. **Public Service Announcements:**
   Permit requirements for the filming of television public service announcements on behalf of nonprofit organizations or other governmental agencies may be waived by the District Superintendent or his/her designated representative. Insurance requirements must be met even when permit requirements are waived.

3. **Student Photography:**
   Individual or group student photography is conducted for the purpose of educating or providing supervised experience to persons learning photography methods. Student photography may be permitted through the same forms and procedures used for commercial still motion picture or video photography. As with documentary photography, permit requirements for student photography may be waived by the District Superintendent or his/her designated representative. Insurance requirements must be met even when permit requirements are waived. Since individual students may find it difficult to obtain required insurance, it is recommended that the permit be issued to the school and the student. A letter certifying that the individual is a student of the school providing the insurance, and that the film is being done as part of the curriculum, is required.

4. **Commercial Still Photography:**
   This category covers photography for sale or profit aside from filming for motion pictures or television. Such photography may be permitted after appropriate application and required insurance. Commercial still photography permits are handled in the same manner as commercial motion picture, video and television photography.

5. **Commercial Motion Picture, Video, and Television Photography:**
   This category covers all photography for sale or profit utilizing motion pictures, videotape, or other imaging media, including theatrical motion pictures, shorts, television programs, commercials, etc. It may be permitted after appropriate application and securing required insurance.
Pertinent Code Sections

**Title 14, California Code of Regulations 4316**

Except where authorized by the Department, no person shall photograph, video tape or film for commercial (profit or sale) purposes in any unit, or portion thereof, owned, operated or administered by the Department of Parks and Recreation without a permit from the California Film Commission, pursuant to Government Code 14998.8

**Title 14, California Code of Regulations 4331**

No person shall solicit, sell, hawk, or peddle any goods, wares, merchandise, services, liquids, or edibles for human consumption or distribute circulars in any unit, except as permitted by the Department. Such prohibition shall include sales activities that utilize Park property or facilities to complete the terms of sale or provide a service as a result of the sale or that effect Park operations, facility use or visitor safety. Also included are sales activities which encroach on the sales rights of a vendor authorized to sell such products, or services pursuant to a concession contract with the Department.

Rev. 11/18
SPECIAL PROVISIONS

All rules and regulations apply unless special permission is received by the District Superintendent or by other designated representative.

A. _______ Rangers/Legacy and peace officers will be assigned to monitor filming activities. The Permittee will provide a company radio to the Department monitor.

B. _______ Gate personnel and/or _______ set guards will be provided by the Permittee to follow the guidelines set by the Department.

C. _______ Fire persons and _______ fire trucks will be present at all times during filming activity upon Department lands. Vehicles must be equipped with a minimum of 1,000 gallons of water and 800 feet of 1-1/2 inch hose with nozzle, and the driver must be familiar with pump operation. Water for fire equipment and water trucks to be provided by the Permittee or obtained from specified water facilities. Fees for the metered water to be paid to the appropriate jurisdiction by the Permittee. The California Film Commission may also require a Fire Safety Officer on site due to county or city regulations.

D. The Permittee is to furnish their own electricity sanitary facilities. The Permittee may use public phones in the area.

E. The Permittee will furnish their own trash receptacles, and remove all trash and debris from Department lands upon completion of each day's filming. Department owned trash containers shall not be utilized by the Permittee.

F. All vehicles, equipment and animals will be confined to public access roads or parking lots.

G. Shuttle vehicles or minivans are to be used to transport people from parking areas to the filming location. Vehicles will not exceed _______ MPH while on Department land.

H. All special effects are to be approved in advance. Appropriate State or county special effect permits will be checked on site.

I. _______ No smoking permitted due to location or weather conditions. _______ Smoking permitted in fire safe areas designated with "smoking signs," and having built cans containing 2 inches of water in the base and a 10 lb. fire extinguisher on site.

J. Arc lights are to be used in fire risk areas or under "Very High" fire weather conditions. Low heat lights (13K, HMI) may be used in the brush or vegetation areas. Cable for lighting will be placed along the roadway or trails without causing a public safety tripping hazard. Interior lighting or specialized lighting will require a Fire Safety Advisor.

K. No livestock or animals will be permitted to run loose, all animals are to be caged or confined when not working.

L. No structures or sets are to be built, no trees or shrubbery to be cut, trimmed or injured, and no disturbance is to be made of the ground surface.

M. Permittee may bring in potted plants provided they are obtained from a licensed California Nursery, they are not in bloom or carrying mature seed, and they are not removed from non-quantum areas of the same county. Permittee must remove all of these materials from Department lands. Permittee shall not bring in un-composted organic ground cover. The Department's goal is to protect native ecosystems.

N. Filming is to terminate immediately and Department lands are to be vacated immediately when "EXTREME" fire weather conditions arise, with the remainder of the shooting day to be made up at a subsequent date and time.

O. The Permittee shall maintain a clean working area and upon completion of work, all locations are to be cleaned of equipment, props and trash. Cleanup is to be the Department's satisfaction, with final inspection to be conducted by the District Superintendent or his/her representative.

P. Overweight storage of vehicles or equipment is not allowed.

Q. On consecutive shoot days, areas of filming will be cleaned of all hazards, and equipment returned to the lease camp at the end of each day's filming. A certified unarmored set vehicle will be required for the security of equipment and vehicles for overnight storage.

R. Monitor costs may be refundable if the company cancels by noon the prior day. Late cancellations will be charged a 4-hour minimum of monitor costs.

S. The Permittee shall repair any and all damage to Department resources, facilities or property caused by the Permittee's activities, and the District Superintendent shall be the sole judge of the extent of such damage and the adequacy of any repair or restoration. Replacement or repair must be completed within 7 working days from the original permit date.

T. CREDS: California State Parks shall be recognized in the credits of appropriate film projects. The credits will read, "Special thanks to California State Parks, [Park Name] ____________, and display the Department's logo.

U. PARKING FEES: Parking fees will be calculated by the site ranger and the Permittee will be billed the day after completion of the film project. The Permittee is to send payment for payment within 7 business days after receipt of billing.

V. DEFGRF: The Permittee has placed a deposit up front for estimated department monitoring costs, park revenue fees and vehicle mileage as follows:

- Estimated Department Monitoring Costs: $900 per hour with a 4-hour minimum. Monitor may claim 1-hour drive time portal to portal.
- Park Revenue Fees: Complex permit, monitor required on site - $200 per day. Simple permit (still or student), no monitor required - $65 per day.

This fee is NON-REFUNDABLE and subject to change. Vehicle Mileage: Permit bureau end cost - $0.51 per mile.

Department Monitor _______ hrs. x $_______ = $_______
Additional Staff _______ hrs. x $_______ = $_______
Park Revenue Fee _______ days x $_______ = $_______
Vehicle Mileage _______ miles x $0.51 = _______

Total Deposit $_______

W. BILLING: The Department will complete its billing within 10 business days after completion of the film project. The Permittee will be billed for the balance due after deduction of their deposit, or the Department will request a refund through the State Controllers office for any overpayment.

For questions concerning your billing, please call (818) 380-0522.
